A Note From the Director

Spring has finally sprung, and the last signs of snow are finally melting. The last winter storm of the season (hopefully), brought about a change on our inclement weather policy. This change was the result of conversations between the Superintendant and the QCSD. On days the school district has a two hour delay, LifeSpan will also operate on a two hour delay. This allows our parents extra time to safely navigate the area roads, and allows the school district to better the facilities or close if necessary.

Due to the snow days, Spring Break has been shortened this year. April 13th and 17th are now regular school days. The district will still be closed on Friday, April 14th. *LifeSpan will be open and providing Holiday Care at the day care center instead of QE*.

Important Dates and Reminders

4/13- Regular school day

4/14- QCSD closed, Holiday Care offered at daycare center

4/17- Regular school day

4/27- Community Fair 4:00pm-5:30pm

What's Coming Up in April….

We are excited to announce a new addition to our after school programs beginning this month. TechStars will be our added enhancement at each of our programs through the end of May. LifeSpan's Quakertown After-School Programs and TechStars have teamed up over the last few years to bring a unique learning experience to students.

TechStars, a technology education service provider, brings excitement to traditional math and science lessons by teaching Quakertown students in an enrichment program, helping them learn hands on in new and creative ways. In past years, students have learned how to build and program robotics as well as create animation. This project –based learning activity integrates Science, Technology, Engineering, and Math along with Arts.

Our artist of the month for April will be MC Escher. Maurits Cornelius Escher is one of the world's most famous graphic artists. His work features mathematical objects, explorations of infinity, reflection, symmetry, and tessellations.

On April 27th, LifeSpan will be holding a Community Fair at their campus on John Fries Highway from 4:00pm-5:30pm. Stop by for food, games, vendors, and so much more! We will be collecting donations for the SPCA as well.

Job Opportunities

What we did in March….

March seemed to really fly by, and it is hard to believe there are only two and a half months of school left. We offered two days of free registration for summer camp, and boy was it a success! There are still open spots for this year, so make sure to register soon.

In March, we learned about the different types of animal environments. Students also learned about the many different endangered animals around the world.

The snow storm that occurred in March also shortened this year's Spring Break. April 13th and 17th are now regularly scheduled school days. We will offer Holiday Care on Friday, April 14th. Holiday Care will be held at the daycare center on John Fries Highway.
