Keep the Lights On Afterschool!

Celebrate Lights On Afterschool

Each October, 1 million Americans and thousands of communities nationwide celebrate *Lights On Afterschool* to shine a light on the afterschool programs that keep kids safe, inspire them to learn and help working families. This year, the official celebration date is Thursday October 22, 2015. We're turning our event into a whole week of celebration!

In communities today, 15.1 million children take care of themselves after the school day ends. Afterschool programs keep children safe, help working families and inspire learning. Join us, along with 7,500+ afterschool programs nationwide, in celebrating our afterschool programs.
