

Pennsylvania's Equity in Early Childhood Education has proudly awarded LifeSpan School and Day Care with their highest honor, the Gold Award for 2022. This honor was achieved through embracing diversity and full inclusion, upholding principles of fairness and justice and working to eliminate cultural inequalities that limited learning opportunities. Our School and Daycare were part of a rigorous judging process and proudly came out on top due in part to our bilingual staff; the use of the Talking Points app to have conversations and conferences with families; core documents are translated with help from the local school district; collaboration with several community partners and school districts within the community to support families.

We are thankful for the passion, dedication and support of our families, staff, and community. Without the efforts of everyone we would not be able to provide an enriching curriculum, taught by qualified and caring teachers in a safe and secure environment.

GOLD RECIPIENT

Life Span School & Daycare, Quakertown, PA
